

EVANGELICAL URBAN TRAINING PROJECT is non-denominational and specialises in Christian Education for people of average or below average literacy – who 'can read but don't read'. It runs courses, trains trainers and offers a wide range of consultancy. We have recently appointed our first project officer, Jim Hart to develop a wide range of group-learning resources for the churches. Jim will be at the walk and can describe the work in more detail with interested walkers.

WHAT THEY SAID IN 1984

"We didn't know then how well organised it would be, how much interesting information we would gather, and what a marvellous day altogether it was to be".
Kathleen Harris, Loughton Methodist Church

"We much enjoyed the day, the fellowship of others and of the Churches on which we called".
Norman Wyatt, St John the Baptist Church, Puttenham, Guildford

"A most enjoyable day... a superbly organised circuit".
Martin Nunn, Bromley

"We gained valuable insight into the work of Churches in the inner city".
Gillian Harrison, Croydon

"We felt that we had learned something of the problems of working in a London Parish".
Alan Kemp, Brentwood

Our Second LONDON SPONSORED WALK

SATURDAY 30 MARCH 1985

A WALK WITH A DIFFERENCE!!

E.U.T.P. Sponsored Walks are designed to –

- Raise money for E.U.T.P.
- Enable Christians from London's suburbia and the Home Counties to see the 'Inner City' for themselves.
- Build links between Churches from the better off and poorer districts. I hope that we shall welcome many of last year's walkers and meet many new ones on this exciting and important event.
