## THE REGENT'S CANAL - CAMDEN & KILBURN

Camden Lock: The lock and canalside buildings date from 1813. They have been carefully restored to provide visitors' centre, craft workshops, cafes and restaurants. A highlight of the 1989 London Walk!

## A NEW LOOK AT NORTH LONDON

Dear Vicar, Pastor or Church Leader,

"1200 people from 176 churches! That was our 1988 walk story. "The trouble with something good is that it isn't long before others find out and cause a crush!" wrote Chris Abess of Woodford Wells.

To eliminate last year's queues I have made a few changes to the basic pattern (see panel on left). This is our first "Linear Walk" with BR linking the two ends. Take the Waterbus on the Canal if you wish (see note overleaf).

An EUTP walk gives you a new look at our great city. As well as the sights you visit 'ordinary' London and the people of all classes and races who live there.

Above all, Christians meet Christians! Our six host churches from five denominations will welcome you, share their stories and give you fact-sheets about the work they do in the service of Jesus Christ.

I'm sure that our 1989 walk will be a great day out for you, your family and the Christian Family - rain or shine! I hope to see you there.

Yours sincerely

Basil Cracknell

## EVANGELICAL URBAN TRAINING PROJECT

is non-denominational and specialises in relating the Gospel to people who "can read but don't". Last year Project Officer Jim Hart worked with a thousand people in 40 places! Now he has been joined by Bill Bullen who has been busy in Glasgow, Birmingham and London. Workshops, consultations, Bible courses and training in ministry skills are offered by our staff, our energetic National Council and a widening network of volunteers. The project is increasingly recognised as making a special contribution to the field of adult Christian education. We are concerned to help Christians share their faith with people outside the churches. Your support of the London Walk makes this work possible.
