

Unlock Local Launch Partnership

Phases Explained

Within Unlock we need a shorthand for the different stages involved in Unlock Local Launch Partnerships. It will be helpful for our local partners to understand these phases too. This is how it works.

		Starts when	Ends when
Phase 1	exploration, negotiation and set up	First contact	First payment to Unlock
Phase 2	Two years paid training and consultancy	First payment to Unlock	24 months after first payment to Unlock
Phase 3	Independent operation	Payments to Unlock end	Hopefully never
